

In 1836, a small group of determined people stood united at the Alamo to battle a much larger force arrayed against them. Their courage, determination and resolve ignited a movement that brought freedom to the state of Texas.

We believe that a group of determined people with a united purpose can bring hope to Chicagoland one church at a time. The 100 Club is looking for people who will work together to bring Jesus to people who need hope. Will you help?
